The number of points below are approximate –

There will be some small number of "pop" (unannounced) microquizzes, each worth 30points. These will never occur on religious holidays, please EMAIL if such holidays THIS WEEK.

Usually, a pop-quiz has a single, easy question. I use them primarily for attendance, or checking that an idea from the previous class caught on.

Important: I drop the lowest microquiz score. AND: There is NO Makeup for the first missed quiz; that is what the dropped-score is for.

Under rare circumstances, I may give you a makeup for a later missed quiz. I'm a good reason for missing.

I usually give a microquiz the class day after an exam day. Also, there will be microquiz on: Fri.27Feb., Mon.9Mar.
