

MAA 4402/5404 SPRING 2021 SYLLABUS

This syllabus is subject to change. Created Monday, January 4, 2021. Updated 2:09PM, Wednesday, January 6, 2021.

PROVISIONAL VERSION

Section	Period	Meeting Time	Room
984	MWF 3rd	9:35 – 10:25am	ONLINE

Dr. Frank Garvan

fgarvan@ufl.edu

Office Hours

Monday 7th period (1:55-2:45PM). Also by appointment.

Prerequisites

MAC 2313 or MAC 3474, and MAP 2302, both with minimum grades of C.

Textbook

R.V. Churchill and J.W. Brown, *Complex Variables and Applications*, 9th Edition, McGraw-Hill.

Course Description

Complex numbers, analytic functions, Cauchy-Riemann equations, harmonic functions, elementary functions, integration, Cauchy-Goursat theorem, Cauchy integral formula, infinite series, residues and poles, conformal mapping. Credit will be given for, at most, MAA 4402 or MAA 5404.

Assessment

EXAM 1 FEB 5	12%
EXAM 2 MAR 5	12%
EXAM 3 APR 2	12%
FINAL EXAM APR 26 10AM-12PM	14%
WEEKLY QUIZ AND HOMEWORK	30%
DAILY ATTENDANCE AND QUIZ	20%

Weekly Quiz and Homework

Homework/Quiz each Friday

Daily Attendance and Quiz

Attendance checked each class day with a short quiz

Grading

Grading scale: A 90%; A- 87%; B+ 84%; B 80%; B- 77%; C+ 74%; C 70%; C- 67%; D+ 64%; D 60%; D- 57%; E 56%

Attendance

Additional Information:

UF Policy on recorded classes. Our class sessions may be audio-visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voice recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the “chat” feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials by students or any other party is prohibited.

Grades. Grading will be in accord with the UF policy stated at <https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>. Also see [the current UF policy on assigning grade points](#).

Academic Honesty. The course will be conducted in accordance with the University honor code and academic honesty policy

*UF students are bound by The Honor Code Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code.” On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “**On my honor, I have neither given nor received unauthorized aid in doing this assignment.**” [The Honor Code](#) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have questions or concerns please consult with the instructor.*

Accommodation for students with disabilities. Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <https://www.dso.ufl.edu/drc/>) by providing appropriate documentation. Once registered, students will receive an accommodation letter

which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

Online Evaluations. “Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://gatorevals.aa.ufl.edu>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results/>.”

Diversity, Equity and Inclusion Statement. The Mathematics Department is committed to diversity and inclusion of all students. We acknowledge, respect, and value the diverse nature, background and perspective of students and believe that it furthers academic achievements

It is our intent to present materials and activities that are respectful of diversity: race, color, creed, gender, gender identity, sexual orientation, age, religious status, national origin, ethnicity, disability, socioeconomic status, and any other distinguishing qualities.

Additional Information- Health and Wellness:

- U Matter, We Care:
If you or a friend is in distress, please contact ummatter@ufl.edu or 352-392-1575 so that a team member can reach out to the student.
- Counseling and Wellness Center:
<https://www.counseling.ufl.edu>; 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.
- Sexual Assault Recovery Services (SARS):
Student Health Care Center, 392-1161.
- University Police Department:
392-1111 or 9-1-1 for emergencies, <http://www.police.ufl.edu/>

Additional Information- Academic Resources:

- E-learning technical support
352-392-4357 (option 2)
Learningsupport@ufl.edu
- Career Connections Center:
Reitz Union, 392-1601.
