

# MAC 2313 CALCULUS 3, FALL 2022

## SYLLABUS/CALENDAR

---

### Contact Information:

#### Instructor

**Dr. Robin Tucker-Drob**

Lecture: MWF Period 3 (9:35 – 10:25 AM) in PHY 1001

Office: Little Hall 416

Email: [r.tuckerdrob@ufl.edu](mailto:r.tuckerdrob@ufl.edu)

#### Instructor

**Dr. Jindrich Zapletal**

Lecture: MWF Period 9 (4:05 – 4:55 PM) in NRN 1020

Office: Little Hall 456

Email: [zapletal@math.ufl.edu](mailto:zapletal@math.ufl.edu)

#### Instructor/Coordinator

**Dr. Missy Shabazz**

Lecture: MWF Period 6 (12:50 – 1:40 PM) in CAR 100

Office: Little Hall 374

Email: [shabazzm@ufl.edu](mailto:shabazzm@ufl.edu)

The course homepage is located in [e-Learning Canvas](#). The information for office hours can be found on Canvas.

When emailing the course coordinator, write **your lecture period, TA's name, and section number** in the subject line.

#### Discussion Leader (TA)

Name: \_\_\_\_\_

Office: \_\_\_\_\_

Email: \_\_\_\_\_

## MAC 2313: Calendar, Spring 2022

| Sunday                                   | Monday                               | Tuesday                           | Wednesday                       | Thursday  | Friday  |
|--|--------------------------------------|-----------------------------------|---------------------------------|---|---|
|  | Aug 22                               | 23                                | 24<br>Lecture 1                 | 25<br>Fist Discussion Class                                 | 26<br>Lecture 2                                   |
| 9  | 29<br>Lecture 3                      | 30                                | 31<br>Lecture 4                 | Sept 1<br>LQ 1-3  | 2<br>Lecture 5<br>make-up exam<br>signup deadline |
| 4<br>LQ 4<br>Xronos HW 1-4               | 5<br><b>LABOR DAY<br/>NO CLASSES</b> | 6<br>Quiz 1 (L1-5)<br>LQ 5        | 7<br>Lecture 6<br>Syllabus Quiz | 8<br>Quiz 1 (L1-5)<br>LQ 6                                  | 9<br>Lecture 7                                    |
| 11<br>LQ 7<br>Xronos HW 5-6              | 12<br>Lecture 8                      | 13<br>Quiz 2 (L6-7)<br>LQ 8       | 14<br>Lecture 9                 | 15<br>Quiz 2 (L6-7)<br>LQ 9                                 | 16<br>Review                                      |
| 18<br>Xronos HW 7-9<br>Practice Exam 1   | 19<br><b>EXAM 1 (L1-9)</b>           | 20                                | 21<br>Lecture 10                | 22<br>LQ 10   | 23<br>Lecture 11                                  |
| 25<br>LQ 11<br>Xronos HW 10              | 26<br>Lecture 12                     | 27<br>Quiz 3 (L10)<br>LQ 12       | 28<br>Lecture 13                | 29<br>Quiz 3 (L10)<br>LQ 13                                 | 30<br>Lecture 14                                  |
| Oct 2<br>LQ 14<br>Xronos HW 11-13        | 3<br>Lecture 15                      | 4<br>Quiz 4 (L11-13)<br>LQ 15     | 5<br>Lecture 16                 | 6<br>Quiz 4 (L11-13)<br>LQ 16                               | 7   |
| 9<br>LQ 17<br>Xronos HW 14-16            | 10<br>Lecture 17                     | 11<br>Quiz 5 (L14-17)<br>LQ 18    | 12<br>Lecture 18                | 13<br>Quiz 5 (L14-17)                                       | 14<br>Lecture 19                                  |

**Evening testing time: 8:30 – 10:00PM. Location will be announced in Canvas.**

**Final Exam (L27-34): December 10, 8:00-10:00PM**

## 1. INTRODUCTION

**1a COURSE CONTENT:** MAC 2313 is the third semester in the calculus sequence and it gives a thorough introduction to multivariable calculus. The course is divided into four modules.

- Module 1 (Lectures 1 - 9) Geometry of Space & Vector Functions
- Module 2 (Lectures 10 - 18) Differentiation of Functions of Several Variables
- Module 3 (Lecture 19 - 26) Multiple Integration
- Module 4 (Lectures 27 - 34) Vector Calculus including line integrals, surface integrals, Green's Theorem, Stokes' Theorem, and the Divergence Theorem

**1b PREREQUISITES:** MAC 2312 with a minimum grade of C.

To be successful in this course, you should have mastery of precalculus algebra and trigonometry. Students should be able to do arithmetic without a calculator. It is assumed that students are proficient in standard Calculus 1 and 2 topics, including limits, continuity, differentiation, and integration techniques.

**1c REQUIRED MATERIALS :**

**Textbook:** There are no required textbooks for this course. For anyone who wishes to study from a textbook, we suggest this free online textbook [Openstx Calculus Volume 3](#). Additionally, you may find any edition of the Calculus textbooks by Stewart, or Rogawski, helpful.

**Computer access and requirements:** A reliable internet and a computer are required. All assignments should be taken on a computer, not cell phone or tablet, since there may be compatibility issues with Canvas. The recommended browser for this course is Chrome.

**NO CALCULATORS are allowed on quizzes or on exams.** A graphing calculator and Wolframalpha are useful as a study and learning tool when used appropriately, but are not essential. Graphing in 3-dimensional space can be challenging sometimes. We recommend online graphing calculators, [GeoGebra](#) or [CalcPlot3D](#), to help you at the beginning of learning 3D graphs. Remember that Calculus is a collection of ideas that are not mastered through calculator skills.

**1d E-LEARNING CANVAS:** All course information including lecture outlines, lecture videos, office hours, and exam reviews is posted on Canvas.

All grades are posted in the Canvas gradebook. You are responsible for verifying that those grades are accurate. **You have one week after a score has been posted to contact your TA to resolve any grade concerns.** Any grade concerns must communicate through Canvas emails due to security/privacy issues. We will not consider any grading disputes nor make any grades adjustment at the end of the semester.

**TURN ON NOTIFICATIONS** in your Canvas account so that you can receive timely alerts in your UF email. See the [instructions](#) for Canvas Notification settings.

**Check Canvas course homepage regularly for announcements.** Due to the volume of email instructors receive, we cannot reply to each request for information that is already posted online. When you email the coordinator, please be sure to write down your lecture period, section number, and TA's name in the subject line in all mail correspondence.

**1e LECTURES** meet during the designated period (check your class schedule on [ONE.UF](#)). Attendance is strongly encouraged. All lectures will be recorded and the recording links will be posted on Canvas. You are responsible for learning lecture material missed due to an absence. Students can print out the lecture outlines from Canvas through **Lectures/Discussions** tab. You may also purchase a hard copy from Target Copy Center.

We recommend students to start Lecture Questions (LQ) on Canvas after each lecture and complete the LQ before the next class, so you can familiar with the recent covered material.

**1f DISCUSSIONS**, which meet once a week either Tuesday or Thursday,

give you a valuable opportunity for open discussion of the lecture material and assigned problems in a smaller online class setting. **Attendance in discussion is required.**

Your main resource person is your TA. She/he is available during office hours or by appointment to answer your questions about the course material.

You should check Canvas regularly and consult with your TA if you have any questions about posted grades. **All grade concerns must be taken care of within one week of receiving the score.** If you have concerns about your discussion class which cannot be handled by your TA please contact the course coordinator Dr. Shabazz by email.

**1g GETTING HELP:** All instructors' online office hours will be posted on Canvas at the end of the first week. You may go to anyone's office hours that fit your schedule. We encourage you to use this valuable resource to help you stay on track and succeed. In addition to instructors' office hours, the following aids are available online.

- [The Math Lab in Little 215](#) is open for drop-in assistance Monday through Friday. It is staffed by mathematics graduate students and undergraduate assistants.
- [The Teaching Center Math Lab](#) in SE Broward Hall is a tutorial service staffed by trained math and science students to provide help with your calculus questions and homework. You can also request [free one-on-one tutoring](#).
- [Office of Academic Support](#) offers free one-on-one and small group tutoring sessions to any UF students.
- [U Matter, We Care](#) provides students in distress with support and coordination of the wide variety of appropriate resources. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. Remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.
- [UF Counseling Center](#) provides information and helps students who are experiencing test-related stress and anxiety or having any other concerns.

1h **SUCCESS** in MAC 2313 depends largely on your attitude and effort.

- **Engage (participate and be proactive)** in class and discussion boards.
- **Complete assignments** on time. Get an early start on all assignments. If you get stuck, watch the lecture again and/or attend office hours for timely help. Do not let questions go unanswered.
- **Keep up with the pace** of the course and do not fall behind.

**We want you to be successful!** Remember that you are the only person who can walk the path to your success. Your TA and I are there for you, but you need to stay on top of what's going on in class and take the initiative to reach out when you need help.

1i **STUDENTS WITH LEARNING DISABILITIES:** Students requesting class and exam accommodations must register with the [Disability Resource Center\(DRC\)](#) by providing appropriate documentation. An accommodation letter must be sent to Dr. Shabazz once approved by DRC, and students with disabilities should follow the DRC procedure as early as possible in the semester since the accommodations are not retroactive.

**DRC ATR policy:** Students who wish to take an exam at DRC must submit your [accommodated test request \(ATR\)](#) at least four business days in advance of the exam. This does not include the day of the exam, weekends, or holidays.

1j **DIVERSITY, EQUITY, AND INCLUSION:** The Mathematics Department is committed to diversity and inclusion of all students. We acknowledge, respect, and value the diverse nature, background and perspective of students and believe that it furthers academic achievements. It is our intent to present materials and activities that are respectful of diversity: race, color, creed, gender, gender identity, sexual orientation, age, religious status, national origin, ethnicity, disability, socioeconomic status, and any other distinguishing qualities.

1k **ACADEMIC HONESTY:** All students are required to abide by the Academic Honesty Guidelines which have been accepted by the University. The academic community of students and faculty at the University of Florida strives to develop, sustain and protect an environment of honesty, trust, and respect. Students are expected to pursue knowledge with integrity. Exhibiting honesty in academic pursuits and reporting violations of the Academic Honesty Guidelines will encourage others to act with integrity. Violations of the Academic Honesty Guidelines shall result in judicial action and a student being subject to the sanctions in paragraph XIV of the Student Code of Conduct. The conduct set forth hereinafter constitutes a violation of the Academic Honesty Guidelines (University of Florida Rule 6C1-4.017).

[The UF Honor Code](#) specifies a number of behaviors that are in violation of this code and the possible sanctions. We are bound by university policy to report any instance of suspected cheating to the proper authorities. In addition, we remind you that lectures given in this class are the property of the University/faculty member and may not be

may not be used for any commercial purpose. Students found to be in violation may be subject to discipline under the Student Conduct Code.

## 2. TESTING

**2a EXAMS:** There will be three 90-minute unit exams and one 2-hour final exam, all mandatory. The unit exams are assembly exams which begin at 8:30PM, consists of multiple choice and free-response questions; the final exam time may change each term, consists solely of multiple choice questions. All exam dates and time are specified in the course calendar and they must be taken at the assigned date and time.

**2b IMPORTANT EXAM POLICIES:** MAC 2313 requires that students take evening exams on the listed dates. Students with conflicts, including regularly scheduled classes or traveling, must make advanced arrangements to be present at the test.

**The following applies to all exams:**

- (1) Students are responsible for material covered in lectures, NYTI, and assignments.  
**Exam coverage and format may vary from semester to semester.**
- (2) Bring only the following to the exam:
  - Soft lead graphite pencils (number 2 lead or softer) for bubbling your scantron
  - Ink Pen (To sign your test)
  - Knowledge of your SECTION NUMBER and UF ID number
  - Picture ID (UF Gator One card or your state driver's license) with a **legible signature**

**Cell phones and other electronic devices must be turned off and out of sight. If any such device rings, buzzes, or otherwise causes a distraction during the exam, your test will be considered to be compromised and your test score will be 0.**

- (3) Students should be at the exam location at least 10 minutes early. No one will be admitted to the test **10 minutes** after the starting time of the test. No one will be permitted to leave the test until 30 minutes after the stated start time.
- (4) The **Test Form Code**, as well as **your UFID**, name, and section number must be encoded correctly or you will lose 3 points. You must also take the test in your assigned test location or you will lose 3 points on your test.
- (5) An answer key will be posted on CANVAS within one day after each exam. To check your answers, record them on the test or scratch paper that you keep after turning in your scantron and tearoff sheets.
- (6) Graded tearoff sheets will be returned in discussion. You then have **one week** to see your discussion leader if you have questions about your exam grade.

**See Section 3f for the Exam Conflict and Makeup Policies.**

### 3. GRADING

**3a COURSE GRADE:** Your course grade is based on 500 points accumulated as follows:

|  |            |
|--|------------|
| Lecture Questions (1 point each, drop the two lowest grades)   | 32         |
| Xronos assignments (2 points each, drop the two lowest grades) | 64         |
| Written assignments (4 points each)                            | 16         |
| Quizzes (8 points each, drop the two lowest grades)            | 48         |
| Semester exams (80 points each)                                | 240        |
| Final exam   | <u>100</u> |
|  | <b>500</b> |

The total sum of points is your numerical score, which will be converted to a letter grade according to the following scale.

|    |                  |     |                  |
|----|------------------|-----|------------------|
| A  | 450 - 500 pts    | C   | 340 - 359.99 pts |
| A- | 435 - 449.99 pts | C-* | 320 - 339.99 pts |
| B+ | 420 - 434.99 pts | D+  | 300 - 319.99 pts |
| B  | 400 - 419.99 pts | D   | 280 - 299.99 pts |
| B- | 380 - 399.99 pts | D-  | 260 - 279.99 pts |
| C+ | 360 - 379.99 pts | E   | 0 - 259.99 pts   |

**The course grade is determined by the number of points you have, not by the percentage, and will be strictly enforced. There will be no additional curve in this course, and extra assignments for individual students to improve a grade are NOT possible.**

For those taking the S-U option: S [340 - 500 points]      U [0 - 359.99 points]

**\*NOTE:** A grade of C- DOES NOT give Gordon Rule or General Education credit!

**3b LECTURE QUESTIONS:** There are 34 sets of lecture questions (LQ) on Canvas given on the material of the lectures. They are untimed, open book and open notes. You have three attempts for each LQ. Students are expected to work individually on these assignments, and the due date for each LQ is indicated on the course calendar. The two lowest LQ grades will be dropped at the end of the semester.

**3c HOMEWORK ASSIGNMENTS:** In this course we will utilize the online platform Xronos which is developed by the math department at UF. Online homework assignments will be assigned for each lecture and they must be completed by the dates shown on the course calendar. The two lowest online homework grades will be dropped at the end of the semester.

**IMPORTANT:** You MUST access Xronos via Canvas **Assignments** tab every single time for each Xronos homework assignment. If you do not – your homework grade will not be synced back to the Canvas gradebook, and therefore, you will not receive credit for the problems you solve.

When you work on Xronos assignments, you need to write down your work neatly for all problems in addition to submitting answers online. Four sets of the Xronos

assignment will be randomly collected by your TA in discussion class. The written assignments will be graded on a scale of 0 – 4 points; each is checked for completeness and three problems will be graded for accuracy. The work must be your own and not taken from other sources.

**Do not try to complete an assignment in one sitting; start early instead of waiting until the due date to avoid missing the deadline.**

Remember that the **Due Date** is not the **Do Date**. DO NOT wait until the last hour to complete your assignment since internet sometimes is not reliable, and no extension will be offered due to tech issues.

**3d QUIZZES:** Your TA will administer eight quizzes in class on the dates listed in the course calendar. Each will be graded on a scale of 0 to 8 points, and the top six scores will count, up to a total of 48 points.

**Your TA will provide more information on quizzes and written homework assignments during the first discussion class.**

**3d EXTRA CREDIT:** You may earn additional points in the following ways:

- SYLLABUS QUIZ (2 points): After reading the course syllabus carefully, you have a chance to earn up to 2 bonus points by completing the syllabus quiz on Canvas before the deadline. Students understand and agree to follow our course policies when submitting this quiz.
- EXAM PREPARATION (12 points): A practice exam will be posted on Canvas a few days before each test. You can earn up to 3 bonus points by completing it on Canvas before its due date. Practice exams can be used to assess your readiness for the coming exam.
- Other extra credit assignments will be announced on Canvas.

**3f MAKE-UP POLICIES:** All make-up work must be approved by the course coordinator and you must provide documentation of your absence. **The deadline to sign up a make-up exam/quiz is Friday, September 2nd.**

- **Exam Conflicts – The UF during Term Assembly Exam Policy:**  
“Exams may be held Monday – Friday from 8:30 – 10:00PM for the fall and spring terms. If other classes are scheduled during an exam time, instructors must provide make-up class work for students who miss class because of an assembly exam. If two exams are scheduled at the same time, assembly exams take priority over time-of-class exams. When two assembly exams conflict, the higher course number takes priority. Instructors giving make-up exams will make the necessary adjustments.”

If MAC 2313 is the lower course number, students must sign up with the course coordinator by the deadline so that appropriate accommodations can be made.

- **Make-up Exams:** If you are participating in an official UF activity (such as music performances, athletic competition or debate) or religious observance, you may make up an exam only if you sign up for a make-up exam with the course coordinator by the deadline. You must present documentation of an official UF

activity. A make-up exam may be given soon after the exam date or during the last week of classes.

If illness or other extenuating circumstances cause you to miss an exam, contact the course coordinator immediately (no later than 24 hours after the exam) by email. Then, as soon as possible after you return to campus, bring the appropriate documentation to the course coordinator. A make-up exam will be given during the last week of classes.

- **Missing an exam** – There is a 10% penalty for missing an exam due to negligence.
- **Quizzes:** There are no make-ups, unless,
  - 1) you are participating in an official UF activity, for which you must bring your documentation to the course coordinator during the first three weeks of the semester.
  - 2) you miss because of a religious holiday. You must notify the course coordinator within the first three weeks of the semester if you will be missing a quiz due to a religious holiday.
  - 3) you miss due to illness or other extenuating circumstances. You must contact the course coordinator immediately (within 24 hours of missing a quiz) by email, and bring the appropriate documentation to the course coordinator as soon as you return to campus.

**Your TA cannot give makeups without the authorization of the course coordinator.**

- **Lecture Questions, Xronous HW and Written HW:** no make-ups unless you have a legitimate reason stated in the [UF attendance policies](#) and you must contact the course coordinator within 24 hours of missing an assignment.

Note that there are 2 drops on LQ, Xronos assignments, and Quizzes. For issues with technical difficulties for Canvas, please contact the [UF Help Desk](#) or call (352) 392-HELP(4357). Any requests for make-ups due to technical issues MUST be accompanied by the ticket number received from the Help Desk when the problem was reported to them. The ticket number will document the time and date of the problem. You MUST e-mail the course coordinator within 24 hours of the technical difficulty if you are eligible for a make-up.

- **Lecture Questions late submission:** An LQ assignment can be submitted late with a 25% penalty for each day beyond the due date.
- **Written HW late submission:** You are present in discussion class at the time of the collection but forget to bring your written homework assignment. In this case, you have 24 hours to bring the assignment to your TA with 1 point penalty. You **MUST notify and make arrangement with your TA before you leave the discussion that day.**
- **Extra Credit Assignments:** no make-ups on any extra credit assignments

**3g 10-MINUTE POLICY:** Only the students who are present in the first 10 minutes of the class and stay for the entire period will be allowed to participate in the class activities including taking a quiz or turning in a written homework assignment.

**3h ONE WEEK POLICY:** All grades are posted in the Canvas gradebook. You are responsible for verifying all grades are accurate. You have one week after a score is available to discuss any grade concerns with your instructor. There is no grades dispute after one week.

**3i INCOMPLETE:** A student who has completed a major portion of the course with a passing grade but is unable to complete the final exam or other course requirements due to illness or emergency may be granted an incomplete, indicated by a grade of “I”. This allows the student to complete the course within the first six weeks of the following semester. The student must contact the course coordinator to sign the [incomplete grade contract](#), and must provide documentation of the extenuating circumstances preventing him or her from taking the final exam. The grade of “I” is never used to avoid an undesirable grade, and does not allow a student to redo work already graded or to retake the course. See the [official incomplete grade policy](#) for details.

**3j COVID :** In response to COVID-19, the following recommendations are in place to maintain your learning environment, to enhance the safety of our in-classroom interactions, and to further the health and safety of ourselves, our neighbors, and our loved ones.

- If you are not vaccinated, get vaccinated. Vaccines are readily available and have been demonstrated to be safe and effective against the COVID-19 virus. Visit [one.uf](#) for screening / testing and vaccination opportunities
- If you are sick, stay home. Please call your primary care provider if you are ill and need immediate care or the UF Student Health Care Center at 352-392-1161 to be evaluated.
- Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work.

#### 4. ONLINE COURSE EVALUATION

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

**This syllabus is subject to change. You will be notified if any changes are made.**
