

MAC 2313 (Synchronous Sections): CALCULUS 3, SUMMER 2021 SYLLABUS/CALENDAR

Instructor Contact Information:

- **Jesse Adamski**

Section: 11953 (MTRF Period 3)

Email: jadamski@ufl.edu

- **Andrew Kriehn**

Section: 11954 (MTRF Period 4)

Email: akriehn2@ufl.edu

- **Palak Arora**

Section: 11958 (MTRF Period 5)

Email: palak.arora@ufl.edu

The course homepage is located in [e-Learning Canvas](#) and you can find the information of office hours on our Canvas homepage.

IMPORTANT: While taking this class online, you **MUST** take the exams/quizzes with Honorlock on the dates shown on the course calendar and you **MUST** have steady internet access.

MAC 2313 Course Calendar, Summer 2021

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday
	May 10 Introduction Lecture 0	11 Lecture 1 Drop/Add deadline	12 Xronos HW 0 and 1 suggested completion date	13 Lecture 2	14 Lecture 3
16 HW 2, 3	17 Lecture 4	18 Lecture 5	19 Quiz 1 (L0-4) HW 5 Xronos HW 0-4 due	20 Lecture 6	21 Lecture 7
23 HW 6, 7	24 Lecture 8	25 Review Quiz 2 (L5-8) Xronos HW 5-8 due	26 Practice Exam 1 due	27 Review	28 EXAM 1 (L0-8)
30	31 HOLIDAY NO CLASS	June 1 Lecture 9	2 HW 9	3 Lecture 10	4 Lecture 11
6 HW 10, 11	7 Lecture 12	8 Lecture 13	9 Quiz 3 (L9-12) HW 13 Xronos HW 9-12 due	10 Lecture 14	11 Lecture 15
13 HW 14, 15	14 Lecture 16	15 Review Quiz 4 (L13-16) Xronos HW 13-16 due	16 Practice Exam 2 due	17 Review	18 EXAM 2 (L9-16)
20	June 21-25 SUMMER BREAK				
27	28 Lecture 17	29 Lecture 18	30 HW 17, 18	July 1 Lecture 20	2 Lecture 19
4 HW 19, 20	5 HOLIDAY Obs.	6 Lecture 21-1 Quiz 5 (L17-20) Xronos HW 17-20 due	7 HW 21-1	8 Lecture 21-2	9 Lecture 22
11 HW 21-2, 22	12 Review Quiz 6 (L21-22) Xronos HW 21-22 due	13 Review Practice Exam 3 due	14	15 EXAM 3 (L17-22)	16 Lecture 23
18 HW 23	19 Lecture 24	20 Lecture 25	21 HW 24, 25	22 Lecture 28	23 Lecture 26
25 HW 28, 26	26 Lecture 27 Quiz 7 (L23-25,28) Xronos HW 23-26 due	27 Lecture 29	28 HW 27	29 Lecture 29 & 30	30 Lecture 30 Withdrawal deadline
Aug 1 HW 29, 30	2 Review Quiz 8 (L26,27,29,30) Xronos HW 27-30 due	3 Review Practice FE due	4	5 FINAL EXAM (L23-30)	6

All Exams and Quizzes are proctored by Honorlock.

Each exam starts at 7PM on the exam date.

Each quiz is open for 24 hours on the quiz date.

1. INTRODUCTION

1a COURSE CONTENT: MAC 2313 is the third semester in the calculus sequence and it gives a thorough introduction to multi-variable calculus. The course is divided into four modules.

- Module 1 (Lectures 0–8) Geometry of Space & Vector Functions
- Module 2 (Lectures 9–16) Differentiation of Functions of Several Variables
- Module 3 (Lecture 17–22) Multiple Integration
- Module 4 (Lectures 23–30) Vector Calculus including line integrals, surface integrals, Green's Theorem, Stokes' Theorem, and the Divergence Theorem

1b PREREQUISITES: MAC 2312 with a minimum grade of C.

To be successful in this course, you should have mastery of precalculus algebra and trigonometry. Students should be able to do arithmetic without a calculator. It is assumed that students are proficient in standard Calculus 1 and 2 topics, including limits, continuity, differentiation, and integration techniques.

1c REQUIRED MATERIALS :

Textbook: There are no required textbooks for this course. For anyone who wishes to study from a textbook, we suggest this free online textbook [Openstx Calculus Volume 3](#). Additionally, you may find any edition of the Calculus textbooks by Stewart, or Rogawski, helpful.

Computer access and requirements: A reliable internet and a computer are required. All assignments should be taken on a computer, not cell phone or tablet, since there may be compatibility issues with Canvas. The recommend browser for this online course is Chrome and DO NOT use Safari and Internet Explorer.

NO CALCULATORS are allowed on quizzes or on exams. A graphing calculator and Wolframalpha are useful as a study and learning tool when used appropriately, but are not essential. Graphing in 3-dimensional space can be challenging sometime. We recommend online graphing calculators [GeoGebra](#) or [CalcPlot3D](#) to help you as you learn 3D graphing. Remember that Calculus is a collection of ideas that are not mastered through calculator skills.

1d E-LEARNING CANVAS: All course information including lecture outlines, lecture videos, office hours, and exam information is posted on CANVAS.

All grades are posted in the CANVAS gradebook. You are responsible for verifying that those grades are accurate. **You have one week after a score has been posted to contact your instructor to resolve any grade concerns.** We will not consider any grading disputes nor make any grades adjustment at the end of the semester.

1e LECTURES meet during the designated period (check your class schedule on [ONE.UF](#)) on Zoom **synchronously**. The course is structured as a flipped class. Students are responsible for watching pre-recorded lectures online in Canvas **BEFORE** coming to class. We will spend most of our class time working on problems and exploring the concepts of calculus.

Lecture notes outlines: You can download and print them out from each lecture page in Canvas. Or you have an option to purchase the printed outlines from the Target Copy Center. It is important that you have a hard copy of the lecture notes in order to follow the lectures easier when watching the videos.

1f GETTING HELP: Instructor's office hours will be posted in Canvas and they are held through Zoom conferences. In addition to instructor's office hours, the following resources are available.

- [The Teaching Center Math Lab](#) is a tutorial service staffed by trained math and science students to provide help with your calculus questions and homework.
- [Office of Academic Support](#) offers free one-on-one and small group tutoring sessions to any UF students.
- [U Matter, We Care](#) provides students in distress with support and coordination of the wide variety of appropriate resources. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. Remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.
- [UF Counseling Center](#) provides information and helps students who are experiencing test-related stress and anxiety or having any other concerns.

For issues with technical difficulties for Canvas, please contact the [UF Help Desk](#) or call (352) 392-HELP (4357). Any requests for make-ups due to technical issues **MUST** be accompanied by the ticket number received from the Help Desk when the problem was reported to them. The ticket number will document the time and date of the problem. You **MUST** e-mail the course coordinator within 24 hours of the technical difficulty if you are eligible for a make-up. (**See Section 3g for the Make-up Policies.**)

1g SUCCESS in MAC 2313 depends largely on your attitude and effort.

- **Watch the pre-recorded lecture videos BEFORE class**, so your are ready to participate in class.
- **Engage (participate and be proactive)** in class and discussion boards.
- **Complete assignments** on time. Get an early start on all assignments. If you get stuck, watch the lecture again and/or attend office hours for timely help. Do not let questions go unanswered.

Discussion Board: We encourage students to work together, and an important resource to facilitate communication in an online course is the Discussions Board in Canvas. You should check the Discussion Board regularly, posting questions and answers. The effort of asking questions, communicating ideas with fellow students, as well

as writing solutions for these posts, are effective tools in helping you better understand calculus concepts. This is YOUR forum, take advantage of it by participating in it.

We want you to be successful! Remember that you are the only person who can walk the path to your success. Your instructor is there for you, but you need to stay on top of what's going on in class and take the initiative to reach out when you need help.

1h STUDENTS WITH LEARNING DISABILITIES: Students requesting class and exam accommodations must register with the [Disability Resource Center\(DRC\)](#) by providing appropriate documentation. A DRC accommodation letter must be sent to your instructor at least three business days before a scheduled exam/quiz in order to receive exam accommodations. Students with disabilities should follow the DRC procedure as early as possible in the semester since the accommodations are not retroactive.

1i ZOOM PRIVACY ISSUES: Our class sessions may be audio-visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate verbally are agreeing to have their voices recorded.

If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared.

As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

1j DIVERSITY, EQUITY, AND INCLUSION: The Mathematics Department is committed to diversity and inclusion of all students. We acknowledge, respect, and value the diverse nature, background and perspective of students and believe that it furthers academic achievements. It is our intent to present materials and activities that are respectful of diversity: race, color, creed, gender, gender identity, sexual orientation, age, religious status, national origin, ethnicity, disability, socioeconomic status, and any other distinguishing qualities.

1k ACADEMIC HONESTY: UF students are bound by

The Honor Pledge

We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."

The [UF Honor Code](#) specifies a number of behaviors that are in violation of this code and the possible sanctions. We are bound by university policy to report any instance of suspected cheating to the proper authorities. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with your instructor.

2. TESTING

2a EXAMS: There will be three 90-minute unit exams and one 2-hour final exam. The exams will be given in Canvas and administered through Honorlock.

- Each exam consists of multiple choice and fill-in-the-blank questions.
- Each exam opens at 7PM on the exam date shown in the course calendar.
- You can use up to 10 sheets of scratch paper for each unit exam and 15 sheets for the final exam.

Missing an exam due to negligence will result in a severe deduction on your exam grade.

2b IMPORTANT EXAM POLICIES: MAC 2313 requires that students take online exams through Honorlock on the listed dates. Students with conflicts, including scheduled working hours or traveling, must make advance arrangements to be present at the test.

UF will rely on a Test-In-Place plan this semester for online proctored exams. Each student is expected to use their place of residence whether on or off campus for scheduled online exams. To successfully complete an online proctored exam, students need a quiet space with adequate lighting, no distractions and a strong internet connection.

The following applies to all exams:

- (1) Students are responsible for material covered in lectures and assignments.
- (2) Prior to test start, you will need the following:
 - working web camera and microphone
 - stable internet connection
 - Google Chrome browser and Honorlock Chrome extension
- (3) Bring only the following while taking an online exam with Honorlock: Government issued photo ID (or Student Gator One ID) with a legible signature and blank scratch paper.
- (4) Students must perform a thorough room scan before starting the test and must show their monitors during the room scan. If the camera is built-in and it cannot detach from your computer, you must use a mirror to show your monitor during the room scan.

- (5) The following items/actions are not permitted:
- No writing visible on desk or on walls. Make sure music/televisions are not playing in the background.
 - No websites other than Canvas and the Honorlock proctoring extension should be used or open while taking a proctored exam.
 - Close all other programs and/or windows on the testing computer prior to logging into the proctored test environment.
 - Communication or receiving assistance from others is not permitted during a proctored assessment.
 - Using a phone or any other electronic device, other than your test-taking device, is not permitted. Headphones or smart watches are not permitted.
 - Remain visible in the web camera during the entire duration of the exam.
 - Leaving the room during the testing period is not permitted.
 - Dual monitors are not permitted.

See Section 3g for the Makeup Policies.

3. GRADING

3a COURSE GRADE: Your course grade is based on 500 points accumulated as follows:

Class participation points (2.8 points each, drop the two lowest grades)	28
Xronos assignments (2 points each, drop the two lowest grades)	60
Quizzes (12 points each, drop the two lowest grades)	72
Semester exams (80 points each)	240
Final exam	<u>100</u>
	500

The total sum of points is your numerical score, which will be converted to a letter grade according to the following scale.

A	450 - 500 pts	C	340 - 359.99 pts
A-	435 - 449.99 pts	C-*	320 - 339.99 pts
B+	420 - 434.99 pts	D+	300 - 319.99 pts
B	400 - 419.99 pts	D	280 - 299.99 pts
B-	380 - 399.99 pts	D-	260 - 279.99 pts
C+	360 - 379.99 pts	E	0 - 259.99 pts

The course grade is determined by the number of points you have, not by the percentage, and will be strictly enforced. There will be no additional curve in this course, and extra assignments for individual students to improve a grade are NOT possible.

For those taking the S-U option: S [340 - 500 points] U [0 - 359.99 points]

***NOTE:** A grade of C– DOES NOT give Gordon Rule or General Education credit!

3b CLASS PARTICIPATION POINTS: You will be working on the worksheet in class and submit your work on Canvas for class participation points 12 times this semester. More information will be given during the first day of classes. The two lowest class participation grades will be dropped at the end of the semester.

3c HOMEWORK ASSIGNMENTS: In this course we will utilize the online platform Xronos which is developed by the math department at UF. Online homework assignments will be assigned for each lecture and they are suggested to be completed by the dates shown on the course calendar. The two lowest online homework grades will be dropped at the end of the semester.

IMPORTANT: You MUST access Xronos via Canvas **Assignments** tab every single time for each Xronos homework assignment. If you do not – your homework grade will not sync back to Canvas gradebook and you will not receive credit for the problems you solve.

Do not try to complete an assignment in one sitting; start early instead of waiting until the due date to avoid missing the deadline.

3d QUIZZES: Eight quizzes will be given on Canvas and the two lowest quiz grades will be dropped at the end of the semester. Each quiz is proctored by Honorlock, and you will have 50 minutes to finish it on the quiz date. You must make yourself available about an hour for each quiz. The clock start ticking once you open a quiz and it will be closed after 50 minutes. No aids will be allowed for quizzes but you can use up to 3 sheets of blank scratch paper.

DO NOT wait until the last minute to submit your quiz and we will NOT extend time for computer issues.

3e EXAMS: All exams are given online in Canvas and proctored by Honorlock. Your exam grade will be available in Canvas gradebook within three days after the exam. The exams are locked after submission except during the 1-day unlocked period. Your instructor will send an email and inform the class about the unlocked period.

3f EXTRA CREDIT: You may earn additional points in the following ways:

- Syllabus quiz (2 points): After reading the course syllabus carefully, you have a chance to earn up to 2 bonus points by completing the syllabus quiz on Canvas before the deadline. We expect students understand our course policies when submitting this quiz.

- **Math Answer Format Practice (2 points):** Canvas accepts limited math inputs as the correct answer. This bonus assignment helps you to enter math answers in an acceptable format on Canvas.
- **Exam preparation (12 points):** A practice exam will be available on Canvas a few days before each test. You can earn up to 3 bonus points (based on the accuracy of your submission) by completing it on Canvas before its due date. Practice exams can be used to evaluate your readiness for the coming exam.
- Other extra credit assignments will be announced on Canvas if any.

3g **MAKE-UP POLICIES:**

- **Class Participation Points:** no make-ups.
- **Xronos HW Assignments:** no make-ups.
- **Quizzes:** no make-ups.

Note that there are 2 drops for Quizzes, Class participation points, and Xronos assignments.

- **Make-up Exams:** If serious illness or other last minutes extenuating emergency circumstances cause you to miss an exam, you must email your instructor within 24 hours of the exam with a valid documentation for approval to take a make-up exam. You may be denied a make-up exam if you have not completed at least 75% of all the course work thus far and do not have completed all prior exams. We do not consider traveling or lack of internet access as a valid excuse for a make-up exam.
- **Bonus Assignments:** no make-ups on any extra credit assignments

3h 10-MINUTE POLICY: Only the students who are present in the first 10 minutes of the class and stay for the entire period will be allowed to participate in the class activities. Your class participation grade may not be counted if you do not follow the 10-minute policy.

3i ONE WEEK POLICY: All grades are posted in the Canvas gradebook. You are responsible for verifying all grades are accurate. You have one week after a score is available to discuss any grade concerns with your instructor. There is no grades dispute after one week.

3j INCOMPLETE: A student who has completed a major portion of the course with a passing grade but is unable to complete the final exam or other course requirements due to illness or emergency may be granted an incomplete, indicated by a grade of "I". This allows the student to complete the course within the first six weeks of the following semester. The student must contact the course coordinator to sign the [incomplete grade contract](#), and must provide documentation of the extenuating circumstances preventing him or her from taking the final exam. The grade of "I" is never used to avoid an undesirable grade, and does not allow a student to redo work already graded or to retake the course. See the [official incomplete grade policy](#) for details.

4. ONLINE COURSE EVALUATION

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

This syllabus is subject to change. You will be notified if any changes are made.

Updated on 5/4/2021
