

## MAA4103 Intro. Adv. Calculus for Engineers and Physical Scientists 2

### MAA 5105 Advanced Calculus 2

Summer C 2025

#### Section Information

MWF 1 LIT 205 meets for 65 minutes

#### Course Instructor: Carol Demas

Office: LIT 323

Office Hrs: M (Live) WF (Zoom) 9:20AM-10:25 AM

email: demasc@ufl.edu

**Canvas Messages:** Check your messages **daily** so that you do not miss any important announcements.

**Text:** M. Spivak, *Calculus* (4th ed.), Publish or Perish Inc. (ISBN: 9780914098911).

**Time commitment:** University students are expected to spend at least 3 hours for each in-class hour to keep up with the course material.

**Content:** We will cover some of Chapters 13-15, 18, and 22.

**Homework:** Doing homework is essential to success in this course and is one of the best ways to prepare for exams. Homework is worth 18% of the grade. The lowest score is dropped. Homework is collected the second class meeting after it is assigned. Example: homework assigned on Monday is collected on Friday. You may turn your homework in on paper in person or upload a pdf of your written solutions to the appropriate assignment in Canvas. Late submissions are not permitted.

**Class participation** is worth 18% of the grade. You must be present to earn participation points. The lowest two scores are dropped. We will provide live Zoom lectures for remote students. If you are not present you must upload a pdf of your written lecture notes for the day to the appropriate assignment in Canvas for credit by 11:59PM for that day.

**Exams:** Four exams will be given on the dates shown in the calendar. Each is worth 16% of your grade. The fourth exam is cumulative, approximately 50% material from chapter 9 and 50% previous material, and replaces any previously missed exam score.

**Grades:** The letter grade will be awarded with Canvas rounding up the display grade (i.e. 89.5 counts as A) as follows:

A	90%-100%	C	70%-74%
A-	87%-89%	C-*	67%-69%
B+	85%-86%	D+	64%-66%
B	80%-84%	D	60%-63%
B-	77%-79%	D-	57%-59%
C+	75%-76%	E	0-56%

If you have a grade dispute, please resolve it with your instructor **within a week** of the assignment deadline.

Your grade is comprised of the following:

4 Exams 16% each

Participation 18% (drop lowest two scores)

Homework 18% (drop lowest score)

---

Total: 100%

**Accommodations for students with learning disabilities:** Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting [disability.ufl.edu/students/get-started](https://disability.ufl.edu/students/get-started)

**Academic Honesty:** The course will be conducted in accord with the University honor code and academic honesty policy which can be found at [www.dso.ufl.edu/sccr/honorcodes/honorcode.php](https://www.dso.ufl.edu/sccr/honorcodes/honorcode.php). The Mathematics Department expects you to follow the Student Honor Code. We are bound by university policy to report any instance of suspected cheating to the proper authorities.

In addition, we remind you that lectures and the lecture notes given in this class are the property of the University/faculty member and may not be taped/shared without prior permission from the lecturer and may not be used for any commercial purpose. Students found to be in violation may be subject to discipline under the Student Conduct Code.

**Makeup Exams:** If you miss an exam with valid documentation, the final exam will replace it. If you miss without valid documentation, there will be a 10% penalty for its replacement. Valid documentation includes documented illness, school-sponsored activity, death in the immediate family, court-ordered or military appointments, and religious holidays. Scheduled flights do not count as valid documentation so do not make plans for a flight which conflicts with exam dates and times.

**Late submissions** will not be accepted but the lowest homework score is dropped.

**Evaluations:** Course evaluations are now at <https://gatorevals.aa.ufl.edu/>

**Privacy:** Our class sessions, including office hours, may be audio-visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate verbally are agreeing to have their voices recorded.

If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared.

As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

**Diversity:** The Mathematics Department is committed to diversity and inclusion of all students. We acknowledge, respect, and value the diverse nature, background and perspective of students and believe that it furthers academic achievements. It is our intent to present materials and activities that are respectful of diversity: race, color, creed, gender, gender identity, sexual orientation, age, religious status, national origin, ethnicity, disability, socioeconomic status, and any other distinguishing qualities.

## Exam Coverage

Exam 1 covers CH 13

Exam 2 covers CH 14- CH 15

Exam 3 covers CH 18

Exam 4 covers 50% CH 22 and 50% previous material
