MAP 2302: Elementary Differential Equations

Section

3146

Time and Location**M W F Period 5** (11:45 am – 12:35 pm), in **LIT 207****Textbook***Fundamentals of Differential Equations and Boundary Value Problems*, 6th ed., by Nagle, Saff, and Snider**Prerequisites**

Grade of C or better in MAC 2312, MAC 2512 or MAC 3473

Brief Description

The course will cover most of Chapters 1, 2, 4, 6, 7, and 8 (if time permits) of the text.

Homework

Homework will be assigned regularly but not collected. However, doing all the homework is essential for success in this class as the exams test your conceptual understanding of the homework assignments. Homework problems will be discussed regularly; students should be ready to present solutions on the blackboard.

Grading System

The course grade will be determined by three in-class exams (equally weighted), the first two of which will be announced a week in advance and the third one will be on the last day of classes. **No electronic devices (including calculators) are permitted during the exams.** The resulting score determines the letter grade according to the following table.

Letter Grade	A	A-	B+	B	B-	C+	C	C-	D+	D
Score	100 – 93	92 – 88	87 – 83	82 – 74	73 – 69	68 – 64	63 – 59	58 – 54	53 – 49	48 – 40

Attendance

Attendance is mandatory. Also, please arrive to class before it starts; it is very disruptive when someone walks in late.

Make-ups

Make-up exams will not be administered unless they are supported by valid documentation.

Student Honor Code

Students are expected to abide by the Honor Code.

Accommodations

Students requesting classroom accommodations must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to their instructor when requesting accommodations.

Disclaimer

I reserve the right to change the above policies if situations warrant.
