Description and Goals

This course is the second semester of a two semester sequence. One goal of the sequence is to obtain a sound understanding of the basic mathematical concepts of topology. A second goal is to improve the ability to reason carefully and creatively when dealing with mathematical material. A third goal is to gain facility in writing mathematical proofs.

In addition to the text, there will be notes posted on line by the instructor. The notes will consist of definitions, theorems etc. without proofs. Students have the option of writing proofs of the theorems, corollaries, propositions, problems, and lemmas (working individually or with other students in the class) before these are covered in the lectures. In fact, this is the recommended way to learn this material!

Homework Assignments

Assignments will be listed here as the course progresses.

Grades

Grades will be based on homework (45%), one midterm exam (25%), and a final exam (30%). The midterm exam will be given in class. The final exam will be given at the scheduled time on the final exam schedule, which is Wednesday, April 27, from 12:30AM to 2:30PM.

Although the materials will be the same for students registered for MTG 4303 and MTG 5317, the expectations will be higher for students taking MTG 5316.

The date for the midterm exam will be given here.

- **Policy related to make-up exams:** Written medical documentation is required for makeup exams.
- **Policy on class attendance:** Daily attendance is required as consistent with university policies that can be found in the online catalog at: <https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>.
- **University's honesty policy:** UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code". On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (<http://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor.
