

MHF 3202: Sets and Logic

Spring 2015

Instructor: Kevin Keating

Office: Little 482

Telephone: 294-2311

E-mail: keating@ufl.edu

Web Page: <http://people.clas.ufl.edu/keating/3202-s15/>

Office hours: Mondays 3:00–3:50, Wednesdays 10:40–11:30 and 3:00–3:50,
or by appointment.

Class meets in Little 127, MWF 1:55–2:45

Textbook

How to Prove It (2nd Edition) by David Velleman

Syllabus

This course is an introduction to formal mathematics. The emphasis in this course is not on learning facts, but rather on writing clear and rigorous proofs. Some of the material covered in this course may be quite familiar to you. The goal is to give rigorous proofs of these familiar facts using a few basic axioms.

Homework

Homework problems will be assigned and collected on a regular basis. You are encouraged to discuss the problems with your classmates, but any work you turn in must be your own. Late homework will not be accepted.

Exams

Friday, January 30, in class.

Friday, February 27, in class.

Wednesday, April 1, in class.

Thursday, April 30, 3:00–5:00 (final).

Grading

Each in-class exam is worth 20% of your final grade, the final is worth 40%, and the homework assignments are worth a total of 20%. I will drop your lowest in-class exam score (or half of your final exam) to make the total add up to 100%. Your grade will be determined by the following scale:

$90 \leq x \leq 100$: A	$85 \leq x < 90$: A–	$80 \leq x < 85$: B+
$75 \leq x < 80$: B	$70 \leq x < 75$: B–	$65 \leq x < 70$: C+
$60 \leq x < 65$: C	$55 \leq x < 60$: C–	$50 \leq x < 55$: D+
$45 \leq x < 50$: D	$40 \leq x < 45$: D–	$0 \leq x < 40$: E
