— Microquizzes —

There will be some small number of "pop" (unannounced) microquizzes, each worth 30points. These will never occur on religious holidays; please EMAIL of such holidays THIS WEEK.

Usually, a pop-quiz has a single, easy question. I use them primarily for attendance, or checking that an idea from the previous class caught on.

Important: I drop the lowest microquiz score. AND: There is **No Makeup** for the first missed quiz; that is what the dropped-score is for.

Under rare circumstances, I /may/ give you a makeup for a later missed quiz, if you have a good reason for missing.

I usually give a microquiz *the class day after an exam day*. Also, there will be microquizzes on: Fri.27Feb., Mon.9Mar.

There will **not** be a microquiz on Fri.3Apr. (1st night Passover).

— CP grades —

There is a subjective class-participation (CP) grade of 45points for each of Jan., Feb., Mar., Apr., $45+45+45+30 = 165$ points.

It is based on posting to our Archive, on class attendance, on lively participation in class.

There is **no** final exam. Rather, there will be an **Optional Individual Final-Project**, that must be typed. It can lift or lower your grade by "one click"; a grade of "B" could become a "B+", or stay a "B" or, if the project is terrible, drop to a "B-".

Shortly before the Withdraw date I will give you an estimate of your course-grade, from which you can decide if you want to do the optional final-project.

HOMEWORK: I do not collect written HW. Rather, a substantial part of your CP grade comes from your posting solutions to the Archive. These are not typically assigned; it depends on your own energy and motivation. I will email the URL of the Archive to each student.
