Text: Calculus: Early Transcendentals, 8th edition, James Stewart,
(note: an e-version of the book is included in the purchase of online homework)

Grades:

A student's grade will be based upon class participation points, online homework (WebAssign), discussion quizzes, and exams in accordance with the table below.

Class Participation:	5%
Online Homework:	12.5%
Quizzes:	12.5%
Midterm Exams (3):	50%
Final Exam:	20%

Class Participation: Your instructor will explain how the class participation points for your particular section will be awarded.

Online Homework: Homework will be assigned through WebAssign. The registration procedure is posted as an announcement in Canvas. During the course of the semester, online homeworks will be assigned on a routine basis and must be completed within the given time interval. There are no extensions for any reasons; instead 50 WebAssign points will be dropped.

Quizzes: A quiz will be given every week to insure that the student is keeping current with lecture topics. You must be present at the beginning of the class in order to take the quiz. There will be no makeups for missed quizzes, however several quiz grades will be dropped at the end of the semester to compensate for absences.

Exams: During the semester we will have three mid-term exams and a final. For the midterm exams, approximately 65% of the points will come from multiple choice questions with the final 35% of the exam based upon free-response problems; the final exam will consist solely of multiple choice questions. Exams are assembly exams which begin at 7:00 in the evening. The dates for the exams will be announced during the first week of the semester.

A student's final grade is based upon a standard grading scale:

A : 90 % or above
B⁺: 87 % or above
B : 80 % or above
C⁺: 77 % or above
C : 70 % or above
D⁺: 67 % or above
D : 60 % or above
E : below 60 %

Please note that a student's final grade is not rounded upward.

Additional Topics:

Attendance is mandatory if a student wishes to master the subject and the student is responsible for all announcements and lecture material covered in class. Makeup tests will only be given in cases of documented illness or for students participating in official University events. It is the responsibility of the student to be present during examinations. In addition to WebAssign, supplementary homework problems from the book will be assigned on a daily basis for additional practice as needed; it is imperative for students to complete all graded assignments in order to perform well on the exams. Academic dishonesty in any form will not be tolerated and will be treated in accordance with the policies of the University of Florida.

In order to minimize the volume of e-mail correspondence, students are highly encouraged to communicate with the instructors before class, after class, and during office hours.

Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation. The documentation should be provided at the earliest possible date.
