Monday	Tuesday	Wednesday	Thursday	Friday
1:55 – 2:45		1:55 – 2:45		1:55 – 2:45

Calendar — Lecture topics and their approximate dates.

Homework Problems — List of homework assignments.

This course is the first part of a two semester sequence.
In this sequence the student is to learn the basic concepts and results in algebra.
Full mathematical rigor and abstraction is used throughout.
It should prepare for the First Year Algebra Exam.
[Sample problems](#)
for both the First Year Algebra Exam, and the Final Exam for this course are available. In addition, past exams can be found at <http://gma.math.ufl.edu/past-exams/first-year-algebra/>

Abstract Algebra, 3rd Edition, by D. S. Dummit and R. M. Foote
In the first semester, we will cover most of chapters 1 – 6.
Reading and homework will be assigned and discussed in class.
You are expected to participate in classroom discussions.

Centralizers, normalizers, stabilizers, kernels.

Cyclic groups and their subgroups.

Isomorphism Theorems.

Composition series and the Jordan-Holder Theorem.

Cayley's Theorem.

Sylow Theorems.

Classification of certain classes of finite groups, including direct products, semi-direct products and the statement of the Fundamental Theorem of Abelian Groups.

See <https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <http://www.dso.ufl.edu/drc/>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this

procedure as early as possible in the semester.

Students are expected to attend class regularly.

The UF policy on attendance is here:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code."

On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment."

The Honor Code

(<http://www.dso.ufl.edu/scor/process/student-conduct-honor-code/>)

specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obliged to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor of this class.

<http://people.ufl.edu/turull/f18-mas5311-syllabus>

Test 1: Friday, September 21

Test 2: Friday, October 12

Test 3: Friday, November 9

Test 4: Monday, December 3

Final: Wednesday, December 12, 12:30 — 2:30 p.m.

Best 3 of four 40 point tests	120
final	80
Total	200

A ≥ 180	C ≥ 140
A- ≥ 173	C- ≥ 133
B+ ≥ 167	D+ ≥ 127
B ≥ 160	D ≥ 120
B- ≥ 153	D- ≥ 113
C+ ≥ 147	E ≥ 113

Any missed test will be assigned a zero.

Since it is expected that some students will miss a test because of medical reasons, the following policy will apply to all students. For the final grade computation, only the three best test grades will be used.

Because of the policy on missed tests, it is extremely unlikely that a make-up test will be offered. If a student needs to miss two tests, he or she needs to contact the instructor as soon as possible and provide extensive documentation.

Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at <https://evaluations.ufl.edu>. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at <https://evaluations.ufl.edu/results/>
